

# Alzheimer's Care Resource Center

---

The Alzheimer's Care Resource Center offers a variety of volunteer opportunities that help us meet the unique needs of Alzheimer's caregivers that live right here in our community.

## Volunteer Training Program

One day, six (6) hour training (with lunch provided)  
**August 27, 2015 from 9:00am – 3:00pm**

ALL of our volunteers complete an in-depth training program that will prepare and equip them to assist the Alzheimer's caregivers we serve.

ALL volunteers have the opportunity to become a certified Making Moments Matter Comforting Companion. Once an individual completes our volunteer training program, they will receive their certification and be matched with someone in need of volunteer services!

**Call us today to learn more about becoming a volunteer!**

**RSVP (561) 588-4545**
