

# **You are Here**

**by Karen Morand, Dale Butler, and Bakhus Saba**

God knows what's happening here  
I'm all alone in my fear  
"Early onset" is what I've been told  
I'm too young to be old  
All the memories I've known  
Are fading into the unknown  
The life I lived with the people I love  
Are ghosts that haunt me now  
And I need to know somehow...

(Chorus)

You are here  
You are near  
Hold my hand

One thing remains through the years - you are here.

I look in the mirror and what do I see?  
The eyes of a stranger stare back at me  
The look is familiar but something is wrong  
Like an old forgotten song  
Can you help me sing along?

(Chorus)

You are here  
You are near  
Hold my hand

One thing remains through the years - you are here.

(Bridge)

All that I know is this moment right now  
You may be a stranger but love me somehow  
In time you will get to know  
Love's hardest lesson is in letting go  
One day you'll pack up my things  
I'll leave you behind spreading my wings  
Forgetting confusion, losing the pain  
But I'll remember your name  
And I'll love you just the same...

(Chorus repeated)

You are here  
You are near  
Hold my hand

One thing remains through the years - you are here.
